

March 1, 2011

My name is Beverly Gamble; I live at 40 East Middle Tpke in Manchester and I Love this school. My granddaughter, Aryanna Gamble is in the 6th grade at Odyssey. This is her 3rd year and it is the best thing we've ever done. Aryanna and I made the decision before 4th grade after coming to an open house. Everyone at the meeting was very friendly and really listened to our concerns. As a grandparent, who always wants the best for their grandkids, I have been extremely satisfied with the school. It really is a small community working together to achieve the highest goals for our children. I believe it is important to start kids out on the right path and starting Odyssey from Kindergarten will come a long way with our children's growth and development. I personally don't know how the teachers are picked but they are the BEST of the BEST. I am always on call for Odyssey because I enjoy helping out. This keeps costs down, I get to know the school while helping out in the library and classrooms. Some of the things I love about Odyssey are:

1. Power school- allows me to look at Ary's grade on a daily basis and with this tool I can decide if she needs additional help daily by following her grades. I can look at grades in the morning and by that night it may change.
2. All School Exploration (ASE) - The entire school works together from 4th to 8th grade on the same Trimester topics. This allows all the kids to know each other.
3. Staff- This is one of my favorites because no matter who I go to at Odyssey they are always very helpful, whether it's about academics for Ary or another situation. They are always there for me.

Sincerely,

Beverly Gamble

My Motto is "Try It, You'll Love It"
